

The Thompson-Wittrock “Pass It On” Scholarship

This scholarship was established by Joann K. Thompson and Julie Wittrock in 2014 for LGBTQ and straight ally students that are residents of Pacific, Grays Harbor, or Ferry counties. Preference will be given to sophomores or students twenty-five and over, first generation students, and/or students with a history of community service.

Words from the Creator:

College changes lives. It changes families. While it isn't for everybody, it has changed our lives—expanding our opportunities to become happy and successful. We hope to provide opportunities to students who can seize them, and make happiness and success in their own lives. The person you are seeking to become is more important than your current identity.

Joann and Julie live in Ocean Park, Washington.
